About

Chloe Ho (b. 1987, California, USA) is a locally-based international artist. She belongs to a new generation of talented artists born in the 1980s. She completed her studies in studio art at Mills College in California under Liu Hung (Chinese - American contemporary artist) and Moira Roth (art historian and critic).

The artist explores her multicultural background in her work, combining elements of East and West. Ho always maintains an eye for the unexpected, yet aesthetically familiar as she focuses on the nature of existence, man's relation to nature and his place in the universe. Chloe engages and encourages the viewer to respond, interpret and spiritually connect to her art.

Her art makes a bold, yet personal statement, through the use of both traditional and contemporary mediums that include Chinese ink, coffee, spray paint, blue ink, acrylics and new technologies.
